

## Fee Schedule

Written in Accordance with the Health Care Price Transparency Act.

Please note that this is what we charge insurance companies, but each insurance company has a discounted contracted rate for physical therapy so you will likely not be paying the full amount. Please call your insurance company to find out more about their rates for physical therapy under your plan. As a courtesy we can also provide you with an estimate upon request.

We provide a discount for those who do not have insurance or who do not wish to use their insurance and pay at the time of services as this decreases our workload and billing costs by not having to bill your insurance company. Please call to inquire about our cash rate.
